

INFORMATION REGARDING LICENSE FEE

License;

The license is an appliance fee, set by Parliament for a four-year period. The bi-annual collection of the license fee is handled by DR License, part of DR's administration.

In Denmark you are legally obligated to register with DR License when you are of legal age. You need to register, within 14 days of procurement, whether you own, lease, or borrow your appliances; and regardless of whether you make use of DR's services or not.

The Media License, taken into effect January 1. 2007, covers appliances such as TV sets, radios, video or DVD recorders, computers with internet access, and mobile phones and similar electronic devices, that also work as a television or radio receiver. The Radio License covers radios only.

A license covers all appliances in the household, including its car, boat, and summer residence. A household is:

- The license payer
- His/her spouse or partner
- Children; minors and children of legal age living at home - registered with the National Register of Persons (CPR) at the same address.

Concession;

In Denmark students do not get a concession.
